

I am very satisfied with the changes that the FCC has made in regards to the Indiana Telephone Privacy law protectons. I am elderly and was often frightened by some of the annoying phone calls I received from solititors. I pay for a phone for my convience not for the conveyince of solititors to contact me. If I am in need of any type of service I will refer to the phone book that has been issued to me. Please do everything possible to keep this privacy law inacted for the sake of me and all other elederly persons.
